

**AVAILO**

New Employee Registration Steps

- 2** Enter the establishment account code. For confirmation, you will receive a message containing the establishment name that you are affiliated to.

- 4** Please take a photo of your face, taking into consideration the following:

- Face photo must be clear and must not contain anything that hides the face.
- Lighting must be good and suitable.
- Put your face inside the frame that appears when you register.

- 6** Scan your fingerprint. To use this option, you need to enable your fingerprint on the mobile

- 8** System must be allowed to access the Bluetooth, location, camera and microphone *

- 1** Download the application from the official stores.

- 3** Select New Registration and fill out the required data.

- 5** Please record your voice, taking into consideration the following:

- Voice must be clear without any noise.
- Spell out only the phrases that will appear to you.
- Place your mouth close to your smart phone, to ensure a clear voice.

- 7** Please wait until your registration request is approved by the person in charge.

- 9** Setup the applications, either via taking a photo of your face or reading out loud the phrase that appear after you press the recording button or use fingerprint
